

COMMITTED CAPITAL

Celebrating over 20 years of investing in and supporting the UK Technology ecosystem

About us

[Committed Capital](#) are specialists in growth stage venture capital. We have been investing for more than two decades in the UK's most promising high growth technology companies. Our investee companies typically have excellent technical solutions to pressing issues in a substantial addressable market. Applying these solutions systematically gives our companies a high probability of rapid growth and a successful exit.

Our mission is to support post revenue (over £1m) investee companies through applying and sharing the expertise our team has of founding, building, internationalising, and exiting companies.

For investors, we offer an opportunity to invest in a portfolio of actively managed growth stage technology companies, whilst benefitting from potential tax reliefs under the Enterprise Investment Scheme for investors investing through our EIS funds.

For companies, we work with them by committing capital to provide growth funding, and actively supporting them in areas such as corporate governance, marketing and sales strategies, financial modelling, and making strategic B2B introductions.

Why we wanted to sponsor the report

We believe in transparency in everything that we do, including our due diligence that we undertake on our investee companies, fees transparency and performance reporting. We also have the full complement of third-party EIS reviews that are available in the market.

We encourage anything that can help advisers undertake their own due diligence on fund managers, aid transparency, understanding and the ability to compare funds alongside each other.

We have supported the EIS Association's initiatives from the outset with their fee transparency initiative, and performance reporting initiative, and sponsoring ESG Accord's new Due Diligence report on ESG and Sustainability for the Tax Efficient sector to help advisers to understand what every fund is offering is a natural progression, particularly as there is still a lot of confusion and a lack of clarity over what to consider.

Further information on our Growth EIS Fund can be found at www.committedcapital.co.uk, or you can reach us at info@committedcapital.co.uk, or on 020 7529 1350.

Committed Capital Financial Services Limited (Company Registration Number 03810820) is registered at 150 Buckingham Palace Road, London SW1W 9TR.
